No. 392. Read again letter from the Superintending Engineer, 4th Division, No. 4,331, dated 25th November 1864, and recorded in Proceedings of Government, No. 3,459, dated 3rd December 1864.

SIR,

1. With reference to the Proceedings of Government No. 3,459, dated 3rd December 1864, I have the honor to state that as soon as the Apprentices therein adverted to have qualified for the grade of Taluq Overseer, which I hope they will be able to do in the course of another year, I purpose recommending that they shall be brought on the permanent strength of the Department in that capacity as vacancies may occur either in this or other Divisions.

2. At present they are usefully employed under the Range Officers with whom they are placed. The two Apprentices in the Madras District are engaged in superintending works in progress, and the two in the North Arcot District have for some time been doing duty as Surveyors and Draughtsmen.

3. The institution of a grade of Assistant Taluq Overseer in large Taluqs is much needed, and the Apprentices would, as a rule, be very proper persons to hold such a position immediately on passing the examination which qualifies for the old grade of Sub-Overseer.
