MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers :—
Memorandum from the Quarter Master General, Fort Saint George, 24th November 1864, No. 10,680; to the Secretary to Government, Mily. Dept.

Forwarded to Government. The Commander-in-Chief thinks it necessary to forward this for consideration, with reference to the 3rd paragraph of this Office letter, No. ⁴⁵⁶_{10,031}, dated 26th October last, though his own views are unchanged as to the desirableness of having a separate Hospital for the Infantry.

From Messrs. J. SHAW, Inspector General of Hospitals, J. G. INGLIS, M. D., Deputy Inspector General of Hospitals and Principal Medical Officer British Troops, and W. MACKENZIE, M. D., Deputy Inspector General of Hospitals, Mysore Division, Bangalore, 10th November 1864, to the Quarter Master General.

Having reason to believe that it is under consideration to erect an Hospital for the sick of the European Infantry Regiment, in proximity to those already determined on for the European Cavalry and Artillery, the Members of the Committee originally appointed by His Excellency the Commander-in-Chief, have taken advantage of their being again at the Station, to examine together the locality, in view to the Building being suitably placed, and they have the honor to offer the following remarks for His Excellency's consideration, that they are of opinion that a pavilion, with four wards,—two below and two above—to accommodate twenty Beds each, exclusive of rooms for special cases, would be extremely well situated in rear, and immediately opposite to the intervening space, of the blocks, the foundations of which are now being excavated; and by which this third pavilion will be brought quite as much under the influence of the prevailing winds as the other two.

2. Its construction generally, and measurements of cubic and superficial space, to be in strict conformity with the remarks already submitted to His Excellency in our former Report on these points.

3. This will necessitate an alteration in the supplementary Buildings mentioned in paragraph 12 of our original Report, without, however, materially adding to the cost already estimated.

4. Accommodation for the women and children of the Infantry Regiment can be easily provided for, at a very small extra cost to Government, by increasing the capacity of the Female Hospital already sanctioned.

ORDER, No. 4454, 13th December 1864.

Recorded, with reference to Proceedings of Government, No. 4248, dated 28th November 1864.

(True Extract.)

Manmohan Das
Under Secretary to Government.
