*Proceedings of the Madras Government, Public Works Department,
21st December 1864.*

No. 461. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madura, 14th December 1864, No. 2,130 :—

SIR,

1. I have the honor to request the instructions of Government as to the proper head under which to enter the allotment for river improvements in Tinnevely District. In the Budget pattern form circulated with No. 70, page 6, it is entered under the head "Communications," clearly under the idea that the item is for a navigable river.

2. In Tinnevely it is only intended to control the shifting banks by nana, groins, &c., to prevent the heads of channels being injured, &c. I entered it as "Miscellaneous Public Improvement," but the Controller considers that I should first obtain the sanction of Government to the change.

No. 462. ORDER THEREON, 21st December 1864, No. 3,662.

The Superintending Engineer, 8th Division, will be informed that river improvements, connected with irrigation, should be classed under "Agricultural." When connected with navigation, they should be entered under "Communications," and when relating neither to irrigation nor navigation, they should be classed under "Miscellaneous Public Improvement."

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 8th Division.
To all other Superintending Engineers.
To the Controller of Public Works Accounts.

Exd. T. O'Connor.
