*Proceedings of the Madras Government, Public Works Department,
22nd December 1864.*

No. 491. Read the following letter from Captain A. S. MOBERLY, R. E., Superintending Engineer, 3rd Division, to Colonel C. A. ORR., R. E., Secretary to Government, Public Works Department, dated Cuddapah, 15th December 1864, No. 158:—

SIR,

1. I have the honor to request permission for the following reasons to move my head quarters to Bellary, if suitable accommodation can be provided for my Office, instead of remaining at Cuddapah, as directed in Government Order No. 2,305 of 15th August 1863.

2. On the subject of accommodation, I have addressed the Deputy Assistant Quarter Master General of this Division, asking if the old Roman Catholic Church in the Fort of Bellary could be transferred to this Department for the use of my Office, and in case that building was not available, if there was any other that could be given up; but as yet I have received no answer. In course of conversation, the Major-General Commanding the Division informed me that he would try and give me some building, as he considered my having my head quarters at Bellary would tend to hasten the despatch of business. At this present time a great deal of reference would be saved if my Office was fixed at Bellary.

3. Colonel Hemery, in his letter No. 93 of 4th August 1863, on which the order of Government was passed, showed the disadvantages of Kurnool as the head quarters of the Division, but seems to have entirely overlooked the importance of Bellary, the Military head quarters of this Division, and in, and near which the most important works are in progress, and others are contemplated.

4. Under these circumstances, I trust that Government will accede to my request and permit me to notify in the Gazettes, that the head quarters of the Superintending Engineer are transferred from Cuddapah to Bellary.

No. 492. ORDER THEREON, 22nd December 1864, No. 3,675.

Under the circumstances explained in the foregoing letter, the Government grant authority for the head quarters of the Superintending Engineer, 3rd Division, being fixed at Bellary, instead of at Cuddapah as ordered in Proceedings marginally noted.

No. 2,305, dated 15th August 1863.
