1 Letter from the Principal, Civil Engineering College,

that one S. Rama Row, an Apprentice of the
Salem District, who is studying in his College,

and has failed to pass the necessary examination for Taluq Overseer, be permitted to remain in
the College until May next, and take his chance with the other Students who will then be
passing out.

2. The Apprentice, it appears, is fully qualified in all subjects, except drawing and esti-

College.

3. By Rule 12 for Apprentices, communicated in the G. O. No. 977, dated 11th May 1860,
Rama Row should have been discharged on the 1st November 1864, as, however, the Principal
of the Civil Engineering College has hopes of his passing by May next, I send up his case for
the favorable consideration of Government.

No. 509. ORDER THEREON, 23rd December 1864, No. 3,683.

Rama Row having been permitted to study at the Civil Engineering College since August
1862, and having had ample time to qualify himself for the appointment of Taluq Overseer, the
Government cannot authorize the continuance of his stipend for any period after the 31st October
last, the date on which the term of his Apprenticeship expired. He is, however, at liberty to
prosecute his studies at the College on the same conditions as other Students.
