*Proceedings of the Madras Government, Public Works Department,
11th April 1864.*

No. 243. Read the following letter from Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Cuddapah, 26th March 1864, No. 306 :—

SIR,

No. 231, 7th December 1863.

1. With reference to my letter as per margin, reporting that Taluq Overseer A. Theyagaraya Moodelly had been sentenced to 7 years' transportation, I have the honor to inform you that the sentence has been reversed on appeal by the High Court of Judicature at Madras.

2. Theyagaraya has now petitioned to be re-instated in his former position in the Department, but for many reasons I do not recommend a compliance with his request.

Captain Fischer.
Captain Flint.

3. The Officers under whom he served in the Bellary District never had any confidence in him, he was chiefly employed on survey duties, and was seldom if ever entrusted with payments; his carelessness and false statements regarding the fall of the Singanama aqueduct were brought to the notice of Government in my letter as per margin, since which date I have visited the work, and at once saw that the accident was caused chiefly by bad workmanship, the mortar joints of the arch being more than an inch thick; and when in addition to this it is remembered that the Overseer commenced removing the supports from each end leaving the crown of the arch resting on the two centre rows of pillars, it is not difficult to understand why the accident occurred.
