*Proceedings of the Madras Government, Public Works Department,
12th April 1864.*

No. 276. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 30th March 1864, No. 5,958 :—

SIR,

1. With reference to paragraph 82 of the Proceedings of Government No. 331, dated 6th February 1864, I have the honor to report that I do not think it advisable at present to give up any of the allowance, Rupees 3,705, sanctioned as an annual maintenance grant for the road from Arconum to Conjeveram because, 1stly, the whole of the traffic will be thrown upon one-half of the road, and 2ndly, it will be advisable to disburse portions of that amount in widening and fencing the road so as to render it as safe as possible for travellers.

2. The Government will observe from the enclosed petition that even during the formation of the Tramway, the frequenters of this line are subjected to positive danger ; it will be worse, I apprehend, when the locomotive begins to work, and we should employ the interim, as I said, in widening and fencing so as to reduce as far as possible all chances of accident.

3. If Government concurs in this view instructions will be issued accordingly.

4. A letter from the Supervisor in charge of the Range is also enclosed.

No. 277. ORDER THEREON, 12th April 1864, No. 1,027.

1. Under the circumstances stated by the Superintending Engineer, 4th Division, the entire sum of Rupees 3,705 provided in the Budget for 1864-65 for the maintenance of the road from Arconum to Conjeveram will be available for expenditure thereon during the ensuing year.

2. The suggestion in paragraph 2 is approved.
