Proceedings of the Madras Government, Public Works Department, 15th April 1864.

No. 368. Read the following letter from Lieutenant-Colonel O. W. S. CHAMBERS, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Camp Dowlaishweram, 6th April 1864, No. 2,480 :—

SIR,

Memorandum No. 30 of 7th March 1864.

1. In submitting the Statements called for as noted in the margin, I do myself the honor of stating that, as far as I can judge, the whole of the funds allotted for expenditure on new works in the 1st Division will be expended by the 1st of May with the exception of perhaps 20,000 Rupees.

15,400 and 12,500 Rupees respectively.

2. To this should, however, be added some portion, and probably a large portion, of the amounts placed at the disposal of the Collectors of Godavery and Vizagapatam for expenditure on roads in the hill tracts of their Districts.

3. I hardly like to specify on what works the 20,000 Rupees as above will be unspent and what sum will remain unspent on each work, but judging from personal enquiries and Progress Reports for March the approximations arrived at in the annexed Statement of new works may perhaps be accepted as not far from what will actually be the fact.

Proceedings of the Madras Government, Public Works Department, 15th April 1864.

No. 369.

ORDER THEREON, 15th April 1864, No. 1,071.

1. With reference to Circular Memorandum No. 30, dated 7th March 1864, directing Superintending Engineers to report what funds are likely to remain unspent at the close of the current official year, Colonel Chambers, with his letter above recorded, submits a Statement affording this information in regard to the Districts comprising the 1st Division.

2. Rupees 2,230 are proposed to be given up from the allotment for the first of the works entered in the Superintending Engineer's List, but as this amount was sanctioned from Income Tax Funds, which do not cease to be available after the close of the year, it may be expended upon the work in 1864-65.

3. As the 3rd and 8th works are being executed by the Collectors of the Vizagapatam and Godavery Districts, the Superintending Engineer reports that he is unable to state exactly the sums which will remain unspent on the 30th instant from the allotments for those works. Colonel Chambers will, however, be requested, by telegram, to communicate at once with these Officers and to furnish more definite information at an early date.

4. The Government is unable, without fuller information, to dispose of the sum of Rupees 3,000 reported to be available from "small works." Colonel Chambers will accordingly be desired to submit a Statement showing in detail the works referred to.

5. Authority is granted for the sum of Rupees 12,400, reported to be available from the 4th, 5th, 6th and 7th works, being carried to the credit of the Reserve Fund.

Statement shewing the funds Imperial allotted for P. Works in the 1st Div. which are not likely to be expended during the current year.

District	Sub Divisional head	Amount of Estimate	Number & date of order sanctioning the Estimate	Current year's allotment	Expenditure upto 30th April 1863.	Probable expenditure in 1863/64.	Amount not required	Remarks shewing particulars regarding current year's allotment entered in Column 6.

I believe that the allotments made for Repairs in the Budget for the Ganjam and Vizagapatam Districts will be entirely expended: in the Godavery the expenditure will be short of the allotment by twenty five thousand Rupees, as has been stated in detail in another paper which I request may be accepted in lieu of the Statement now called for.
