Proceedings of the Madras Government, Public Works Department, 15th April 1864.

No. 386. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Moonadoopoo, 5th April 1864, No. 2,190 :—

SIR,

I regret that I have not yet been able to procure any further report as to the loss of the yacht bound for Paumben. The Master Attendant of Tuticorin who has been lately at Paumben on duty, reports that he has a yacht, the Edith, for which he has no use; he has already begged permission to transfer it to some other Station or Department, where it would be of service. I trust that the Government will accord early assent to this arrangement, as meanwhile Major Syme is suffering much from the severe heat of the season to which he is now necessarily exposed in an open boat.

No. 387. ORDER THEREON, 15th April 1864, No. 1,080.

Reference will be made to the Marine Department to ascertain whether there is any objection to the yacht, for which the Master Attendant of Tuticorin is reported to have no use, being transferred to the Officer in charge of the Paumben works.

Sir,

I have the honor to report, that I have not yet been able to procure any further report as to the loss of the Yacht bound for Saumben and request that Govt will accordingly assent to the transfer of the Oath of a Yacht for which the Master attendant at Tortola has no use, as Captain Lynne is suffering much from the severe heat of the season in an open boat.
