Proceedings of the Madras Government, Public Works Department, 15th April 1864.

No. 390. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 6th April 1864, No. 6,078 :—

SIR,

1. With reference to the Proceedings of Government No. 639, dated 3rd March 1864, I have the honor to submit a valuation Statement and Survey furnished by the Assistant Engineer, Northern Range, Presidency, of the property in Popham's Broadway, which it would be necessary to remove in order to admit of the road being made of an uniform, width of 50 feet throughout its entire length.

1 Plan.
1 Valuation Statement.

2. The total value of the ground and buildings is given at Rupees 3,73,670 ; to this the cost of pulling down the houses, building side-drains, metalling road, &c., would have to be added ; the total expense of widening the street may therefore be set down at not less than 4½ lacs of Rupees.

	Rs.
Value of property..	3,73,670
Building side-drains, metalling road, &c., and removing old building	76,330
Total..	4,50,000

3. This valuation is calculated, why I do not know, on the presumption that the widening is to take place entirely on the east side ; but the Range Officer reports that it would be more economical to remove the buildings on the west side, in that portion of the Broadway which extends from opposite the Jail to near the Town Market, and on the east side from Jones' Street to the Esplanade. This arrangement would entail a charge of probably only 3½ lakhs in lieu of 4½, the probable outlay of the 'eastern side extension' plan.

4. Should Government resolve not to provide funds for this purpose in 1864-65, I request that permission may be granted me to strike the subject off from my List of Unanswered References.

Sir,

With reference to the Proceedings of Government No 639 dated 3rd March 1864, I have the honor to submit a valuation Statement and Survey furnished by the Assistant Engrs North Presidency of the property in Popham's Broadway it would be necessary to remove in order to admit of the road being made of an uniform width of 50 feet throughout its entire length.

2. The total value of the ground and buildings is given at Rupees 3,73,670; to this the cost of pulling the houses, building side Drains, Metalling road have to be added; the total expense of widening ... street, may therefore be set down at not less than 4½ lacs of Rupees.

Value of property Rupees	3,73,670	
Building side drains, Metalling road &c and removing old buildings	76,330	
Total Rupees	4,50,000

3- This valuation is calculated, why I do not know, on the presumption that the widening is to take place entirely on the East side; but the Range Officer reports that it would be more economical to remove the buildings on the West side in that portion of the Broadway which extends from opposite the Jail to near the Town Market, and on the East side from Jones Street to the Esplanade. This arrangement would entail a charge of probably only 3½ lakhs in lieu of 4½ the probable outlay of the Eastern side extension Plan.
