Proceedings of the Madras Government, Public Works Department, 16th April 1864.

Read the following papers:—

No. 407. From Captain H. TULLOCH, R. E., Special Executive Engineer, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated 31st March 1864, No. 41.

SIR,

I observe in the Budget of 1864-65 that a sum of Rupees 25,000 is entered for expenditure on the Drainage of Fort Saint George. As the drainage of the Fort is included in my project I think it will be waste of money to carry on this work any further, especially as no portion of it can be assimilated with the general scheme for the whole of Madras. I propose to drain the Fort to the west and to carry the sewage to a point north-west of Black Town, whereas the project entered in the Budget has for its object the discharge of the sewage into the sea north-west of the Fort.

Referred to the Superintending Engineer, 4th Division, for his opinion.

Chepauk,
4th April 1864.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.

No. 408. From Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madras, 2nd April 1864, No. 6,006.

SIR,

Adverting to the Orders of Government Nos. 2,975 and 381, dated 14th October 1863 and 6th February 1864 respectively, I have the honor to observe that I have ascertained that Captain Tulloch, R. E., Special Executive Engineer, is including the system of drains in the Fort in the general scheme on which he is at present employed; and under this circumstance I request that I may be informed whether Government still look for Estimates from me of the course I proposed in my letter No. 2,015, dated 27th August 1863, to adopt for draining the Fort, which was generally approved of in the first Order above quoted.

No. 409. From Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 7th April 1864, No. 6,100.

SIR,

1. In returning the accompanying letter from Captain H. Tulloch, Special Executive Engineer, I have the honor to state that I concur with that Officer in considering that the drainage of Fort Saint George should be included in his general scheme for the drainage of the whole of Madras; and I request that I may be allowed to make over to him such documents as are in my Office relating to the subject, and that the Orders of Government noted in the margin* may be removed from my List of Unanswered References.

1 Letter, 1-6,919-1864.

* No. 2,975, dated 14th October 1863.

2. A letter No. 6,006, dated 2nd April 1864, was addressed to you on this subject.

No. 410. ORDER THEREON, 16th April 1864, No. 1,091.

1. Under the circumstances represented in the foregoing papers the Governor in Council directs that no portion of the sum of Rupees 25,000 allotted in the Budget for 1864-65 for the Drainage of Fort Saint George be expended upon that work, pending the receipt of the Plans and Estimates connected with the project under investigation by Captain Tulloch, Special Executive Engineer.

Proceedings of the Madras Government, Public Works Department,
16th April 1864.

2. The Superintending Engineer, 4th Division, is authorized to transfer to Captain Tulloch the documents referred to in his letter of the 7th April 1864 recorded above, and to omit the orders marginally noted from his List of Unanswered References. These Orders, which will now be communicated to Captain Tulloch, will be entered against that Officer in the Unanswered Reference Registers of this Department.
