Proceedings of the Madras Government, Public Works Departmet, 16th April 1864.

No. 423. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Palamcottah, 7th April 1864:—

SIR,

Enclosures 6.

1. I have the honor to enclose Statements showing the amounts that I believe cannot be expended on Public Works in this Division.

2. I enclose also Statements showing transfers from one set of work to another which with the concurrence of the Collector I have made; in every case these changes have been made from new works which could not be completed to others on which greater facilities offered, and similarly in the case of repairs, but no interchange between new works and repairs has been made.

No. 424. ORDER THEREON, 16th April 1864, No. 1,093.

1. The letter recorded above gives cover to the Statements, called for in Memorandum No. 30, dated 7th ultimo, of sums available for transfer from the current year's allotment for the 8th Division.

		Rs.
TINNEVELLY.		
Surveying shoal for constructing the Nursery in the Harbour of Tuticorin for breeding Oysters		289
Minor new works		1,550
		1,839
MADURA.		
New Works.		
Consulting Engineer's Office, &c., at Madura ..		987
Repairs.		
Post Office	69	
Court Houses	66	
		135
		1,122

2. The Superintending Engineer shows that Rupees 1,839 in Tinnevelly, and Rupees 1,122 in Madura, are likely to remain unspent on the 30th instant. The Government directs that the entire sum available from the allotment for the latter District, and Rupees 1,550 from that for the former be carried to the credit of the Reserve Fund.

TINNEVELLY.

G. O. No. 1,391, dated 27th July 1863.

3. The Order quoted by the Superintending Engineer as sanctioning the Estimate of Rupees 300 for "surveying shoal for constructing the Nursery in the Harbour of Tuticorin for breeding Oysters" cannot be traced in this Office. Captain Moberly will be requested to furnish a copy without delay. It is observed that Rupees 289 are reported as likely to remain unspent from the allotment for this work.

MADURA.

Consulting Engineer's Office at Madura.

4. The expenditure up to 30th April 1863 upon the work noted in the margin, from the allotment for which Rupees 987 have, in these Proceedings, been carried to the credit of the Reserve, is entered as Rupees 2,245; but from the Superintending Engineer's letter No. 1,127, dated 11th November 1863, recorded in Proceedings No. 3,558, dated 3rd December 1863, it is observed that the outlay up to date, including the amount laid out in the preparation of materials, was given at Rupees 2,190-6-10 only. The cause of this difference should be explained.

	Rs.
NEW WORKS.	
Salt road from Streevegoontam to Palayacoil.....	800

6. Captain Moberly will be good enough to submit, by return of post, a clear statement showing the sum to be transferred from each of the sub-divisional heads ~~marginally~~ noted above to make up the several increased grants now sanctioned under the heads "Land and Miscellaneous," "Salt" ~~and~~ "Court Houses." and "Jails"

7. The transfer of Rupees 2,000, recommended by the Superintending Engineer, from the allotment (Rupees 7,009) for the road from Manjakolum to Ettyapur to the road from Arasady to the Trunk Cotton Road No. 5, in the Tinnevelly District, having been sanctioned in G. O. No. 977, dated 7th April 1864, further orders are unnecessary.

8. The Statements under review contain unnecessary details. The Superintending Engineer should have omitted all items in the allotments for which no alterations were recommended.
