Dated 19-6- 1864.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 19th April 1864.

No. 465. Read the following letter from Major General S. O. E. LUDLOW, Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madras, 7th April 1864, No. 178:—

SIR,

1. With reference to the Proceedings of Government No. 669 of the 5th ultimo, I have the honor to state that, after further consideration, I am still of opinion that the services of the Surveyor and Lascars referred to therein will probably be required for two years from the date of their appointment, and that there will be full work for them throughout the whole of this period.

2. Copy of the Chief Engineer's letter on the subject is forwarded herewith for the information of Government.

From Colonel H. C. COTTON, Chief Engineer, Irrigation and Canal Company, to Major General S. O. E. LUDLOW, Consulting Engineer for Irrigation and Canal Company, dated Kurnool, 16th March 1864, No. 49.

SIR,

1. I have the honor to acknowledge the receipt of your letter, 14th instant, referring to the Government Order 5th instant, No. 669. and requesting my opinion as to the probable period for which the services of a Surveyor and Lascars will be required to make over land to the Company.

2. I expect that there will be a demand for land for the purposes of the Company throughout the next two years, and there is rarely any intermission in surveying work during any particular season except on the coast for a short and uncertain time in November and December.

3. Of the process of determining boundaries and affording to the Deputy Collector the information necessary to enable him to adjust purchases and transfers I know nothing, and therefore I cannot offer an opinion as to the amount of work which will be required from the Surveyor.

(True Copy.)

(Signed) S. O. E. LUDLOW, Major General,
Cons. Engr. for I. and C. Company.

No. 466. ORDER THEREON, 19th April 1864, No. 1,120.

Ordered that the foregoing letter from the Consulting Engineer Irrigation and Canal Company be communicated to the Government of India :—

(Here enter No. 1,121, dated 19th April 1864.)
