*Proceedings of the Madras Government, Revenue Department,
6th April 1864.*

No. 138. Read the following Proceedings of the Board of Revenue, dated 23rd March 1864, No. 1,783.

Read the following letter from the Collector of Tinnevely, dated 12th March 1864, No. 96:—

1. I have the honor to report for the information of the Board and Government that Captain Moberly in paragraph 5 of his letter to Colonel Orr, dated 5th December 1863, embodied in the Order of Government of the 16th idem, No. 3,720, which was received with the Board's Standing Circular, No. XV, dated 22nd February 1864, observes that I forwarded to him a copy of the Salt Works Budget containing the names of works and approximate estimates, and requested him to prepare detailed estimates to the amount of Rupees 81,000. A reference to the Budget forwarded to the Board on the 30th November 1863, will show that this statement is erroneous.

2. The approximate estimates for the salt works for which detailed estimates were requested by me to be prepared, amounted only to Rupees 30,350, involving eleven works of an ordinary nature; but Captain Moberly has unnecessarily included Rupees 50,800, being the amount of old estimates for six salt roads, already sanctioned by Government on the 11th December 1861, and of which the larger portion has been expended, leaving only a balance of Rupees 4,715 for expenditure in the next official year according to his own estimate.

Ordered to be submitted for the information of Government.

No. 139.

ORDER THEREON, 6th April 1864, No. 585.
