*Proceedings of the Madras Government, Public Works Department,
20th April 1864.*

No. 490. Read the following letter from the Municipal Commissioners for the Town of Madras, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madras, 18th April 1864 :—

SIR,

* To be returned. 1. We have the honor to submit an emergent* Estimate for widening and improving General Patter's Road leading from the Mount Road past the Club House to the Royapettah High Road.

2. This is an improvement that for years past has been considered most desirable, but from the property being mortgaged, and other difficulties, an opportunity has never before offered to carry it out.

3. After considerable difficulty the present proprietor, Girder Doss Govindoss, has been got to consent to allow the line of stables to be removed, and a light open railing, or low wall, raised in its place, after the road has been widened 20 feet.

4. It was our intention to have carried out this improvement on the sale of some of the land which we are now clearing at Royapooram, but as Government has directed a portion of it to be given up for a Sailors' Home, we fear we will not realize any thing like the sum we at one time expected to do; and again we find that if we do not at once close with Girder Doss for the widening of General Patter's Road, he wishes to be off the bargain and to convert the existing stables into a line of bazaars which would be an intolerable nuisance to the neighbourhood.

5. Under these circumstances we hope Government may be pleased to place us in funds to carry out this very desirable improvement.

No. 491. ORDER THEREON, 20th April 1864, No. 1,133.

1. The Governor in Council sanctions the Estimate submitted by the Municipal Commissioners, amounting to Rupees 7,985, for widening and improving General Patter's Road leading from the Mount Road to the Royapettah High Road.

2. The cost of the work will be defrayed from the current year's Reserve.

3. A supplemental Estimate of funds providing for the sum now sanctioned has been forwarded to the Accountant General. The Superintending Engineer will arrange for the amount being drawn and made over to the Municipal Commissioners with the least practicable delay.
