6 *Proceedings of the Madras Government, Public Works Department,*
21st April 1864.

No 521.

ORDER THEREON, 21st April 1864, No. 1,148.

1. In the Statement recorded above, the Superintending Engineer, 7th Division, reports, with reference to Circular Memorandum No. 30, dated 7th March 1864, that the sums likely to remain unspent at the close of the current official year from the allotments for New Works in the Districts under his charge are as follows :—

Coimbatore	...	...	...	...	...	...	...	Rs.
Malabar	...	...	...	...	...	...	...	3,527
South Canara	...	...	...	...	...	...	...	14,174
								1,000
								18,701

COIMBATORE.

2. According to the details furnished in the Superintending Engineer's Statement the sum actually available from this District is Rupees 3,526-14-7, which will be carried to the credit of the Reserve.

3. Two sums (Rupees 510 and Rupees 800) are represented to be required during the current year for the works marginally noted. These are accordingly sanctioned from the Reserve, but as the latter amount is also provided* in the Budget for 1864-65, the Superintending Engineer will report without delay to what other work he would propose to appropriate the available funds.

Drainage of Barrack squares	...	Rs.
Poongancudoo Bridge	...	510
		800
		1,310

* Part of Rupees 1,510. Item No. 140 of 1864-65.

4. The estimated cost of the "alterations and additions to the Police Station House at Wellington," upon which Rupees 850 are reported as likely to remain unspent, on the 30th instant, is entered as Rupees 1,590. In the Order quoted by the Superintending Engineer, Rupees 1,200 only were sanctioned by Government.

5. The Order in the *Public Works Department* should have been entered opposite to the work noted below.

Putting tiled roof on the Commissariat Cattle Shed and Privy at Wellington :—

Nos. 1	...	4,310
2	...	570
3	...	630 and not 960

7	...	590
8	...	900
9	...	754
10	...	250
		9,304

MALABAR.

6. Of the sum of Rupees 14,174 stated to be available from the Malabar allotment, the Governor in Council directs that Rupees 9,304 be carried to the credit of the Reserve Fund.

7. The estimated cost of Item No. 3 is given at Rupees 2,460. In the Order quoted by the Superintending Engineer, the sum sanctioned is Rupees 2,130. Deducting from this amount Rupees 1,500, the probable expenditure on the work during the current official year, there remain only Rupees 630, and not Rupees 960 as shown in the Statement.

8. The allotments for the 5th and 6th items having been made from the four lac grant for Military works, the Government is unable to divert the funds likely to remain unexpended at the close of the year.

9. The Superintending Engineer has already been informed that the grant (Rupees 1,840) for the 11th item was sanctioned from the Forest Budget. As no provision is made for the work in the Budget for the ensuing year, every effort should be used to complete it by the 30th instant.

10. The amount of the Estimate for the Post Office at Beypore is entered as Rupees 2,924. The Superintending Engineer will observe from the authority quoted in the Statement in support of the entry that the amount sanctioned for the work is Rupees 3,054.

Proceedings of the Madras Government, Public Works Department, 7
21st April 1864.

11. Rupees 12,000 are applied for on account of the three works marginally noted. The Governor in Council sanctions this amount from the Reserve Fund, and will rely upon the best efforts of the Superintending Engineer to secure its expenditure in full by the close of the current month.

Road from Calicut to Moondoor, &c.	2,000
Wynaad communications	7,600
Tambracherry Ghaut	2,500
	12,000

12. The full amount* required for the completion of the road from Calicut to Moondoor is provided in the next year's Budget, but as under the sanction accorded in the preceding paragraph Rupees 2,000 are available for expenditure on other works, Colonel Walker will be requested to report in what manner he would propose to appropriate that sum.

* Rupees 18,130.

SOUTH CANARA.

13. The sum of Rupees 1,000 available in South Canara will be carried to the credit of the Reserve.

14. In several cases, it is observed that incorrect sanctions are quoted in the Statements under review. Colonel Walker is requested to see that similar inaccuracies do not occur in future Returns submitted to Government.
