524-525

Dated 22-6- 1866.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 22nd April 1864.

No. 524. Read the following Proceedings of the Board of Revenue, dated 15th April 1864.

Read the following letter from G. BANBURY, Esq., Acting Collector of Madras, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Saidapet, 12th April 1864, No. 152 :—

SIR,

1. The extreme inconvenience felt by the Tahsildar and his Establishment at Madrantakum from want of a suitable Táluq Cutcherry having been on several occasions brought to the notice of the Board, and the Government final orders were passed in the Proceedings noted in the margin for the speedy construction of a new Cutcherry. Finding* that no provision was made for this work in the Department Public Works Budget for 1864-65, the Acting Sub-Collector Mr. Hutchins in a letter dated 30th ultimo, No. 52, brought the omission to my notice, and suggested that sanction may be obtained for a grant from the Reserve Fund, that the work may be commenced without delay.

* Government Proceedings 30th September 1863, No. 2,837, communicated in the Board's Proceedings dated 8th October 1863, No. 6,450.

2. Though I can find no distinct provision for the Madrantakum Cutcherry in the printed Budget, still as I found the marginal entry† in a list received from Colonel Boileau of "new works entered in the Budget of 1864-65" for this District, I have, on the receipt of the Acting Sub-Collector's letter, written to Colonel Boileau requesting him to issue the necessary instructions to his Subordinates for commencing the construction of the Cutcherry as soon as the new year begins. In reply to this reference, the Superintending Engineer informs me "that the provision made for the Madrantakum Táluq Cutcherry in the Supplemental Budget "is conditional on the additional grant of 6 lacs being granted by the Government of India, and "that the work cannot therefore be commenced, until the orders on the subject are received."

† "Táluq Cutcherry at Madrantakum, Rupees 11,300."

3. When these orders will be received, I am of course unable to say. Mr. Hutchins in speaking of the present accommodation very justly observes, "that the head quarters of so large "and important a Táluq should be so ill-provided with public offices is a standing reproach, which "cannot be too soon got rid of."

4. Under these circumstances I have the honor to request that the Board will kindly address Government with a view to obtaining sanction for the construction of the Madrantakum Cutcherry early next year from the Reserve Fund.

---

1. Ordered to be submitted for the consideration of Government. The ruinous state of the Madrantakum Cutcherry has been frequently brought to notice, and the necessity of providing suitable accommodation was readily admitted.

2. The Board trust that a grant from the Reserve Fund may be feasible to allow of the work being commenced with the new official year.
