Proceedings of the Madras Government, Public Works Department, 26th April 1864.

No. 608. Read the following letter from the Municipal Commissioners for the Town of Madras, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 22nd April 1864 :—

SIR,

1. On the 29th June last Government were pleased to sanction an Estimate for digging a tank in the piece of ground between the Penitentiary and the People's Park, and using the earth as far as it would go in raising the ground around it.

2. The work has been executed in accordance with the Estimate, but many portions of the ground are still very low, and it is very desirable that they should be raised and the ground enclosed with an iron wire fence similar to that sanctioned for the Fort Glacis and Esplanades, and we also recommend that an inner fence of same material be put around the tank itself to prevent accidents.

3. We submit an emergent Estimate for this improvement amounting to Rupees 3,514, and should funds be available from the current official year's Budget we would strongly recommend it for sanction.

No. 609. ORDER THEREON, 26th April 1864, No. 1,193.

1. The Governor in Council sanctions the Estimate submitted with this letter amounting to Rupees 3,514, for execution from the current year's Reserve.

2. A supplemental Estimate providing for the amount now authorized has been forwarded to the Accountant General. The Superintending Engineer, 4th Division, will arrange for the funds being drawn and made over at once to the Municipal Commissioners.
