Proceedings of the Madras Government, Public Works Department, 27th April 1864.

No. 631. Read the following letter from Lieutenant-Colonel O. W. S. CHAMBERS, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Dowlaishweram, 12th April 1864, No. 2,540 :—

SIR,

1. With reference to G. O. No. 761 of 12th March, I beg to be informed whether Government means that the Delta Superintendents and Channel Superintendents, attached to the Irrigation Ranges of the Godavery District, should draw full travelling batta, whether they move or not.

2. In practice, these men are nearly always on the move, and consequently the amount to be disbursed, should they be put on the same footing as the Range Office Establishments of this District, who hardly ever travel at all, will be but small.

3. I think that, considering the work they do, this advantage might be accorded to them by Government.

4. There is an allowance for full travelling batta in the present year's Budget for these men with the exception of one Navigation Superintendent on 50 Rupees a month.

No. 632. ORDER THEREON, 27th April 1864, No. 1,204.

The Superintending Engineer, 1st Division, will be informed that the Order marginally noted applies only to Range Office servants for whom special provision was made in the scheme sanctioned in Proceedings No. 1,599, dated 18th June 1863.

No. 761, dated 12th March 1864.
