Government of Madras.

Public Works DEPARTMENT.

G.O. No. 1208 Press / Mis.

641-642

Dated 27-4-1864

Not to be folded or roughly handled

No. 641. Read the following letter from Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 14th April 1864, No. 2,419:—

SIR,

3 Statements. 1. I have the honor to enclose the Statements called for in Order No. 856, dated 23rd March 1864, in the form furnished to me, showing the proposed revised allotments of the items in the Budget of "Repairs" for 1863-64, and the Estimates sanctioned by transfer from one Budget head to another and which require the approval of Government.

2. As regards paragraph 1 of the above Order, in which Government consider that I have not accounted satisfactorily for certain apparent discrepancies between the report made by Captain Prendergast, when Officiating Controller, on the excess appropriations in the Trichinopoly District on Minor New Works, and my Statements of the expenditure incurred under this head in letter of the 16th March last, I beg respectfully to state that I can give no clearer explanation of the subject, and that I have reason to believe that Government understood the Officiating Controller's statement, that Rupees 188 had been appropriated in excess of allotment, to mean that this amount had been expended in excess, whilst Captain Prendergast meant that this sum had been *appropriated on Estimate only*, and entered in the Appropriation Statement.

* No. 2,158. 3. In my letter* recorded above, I showed that the expenditure on Minor New Works to 29th February 1864 (which ought to have been 31st January 1864) was Rupees 1,021-11-11, and that I did not contemplate an expenditure to the close of April 1864, in the Trichinopoly District, to the full amount of the allotment, Rupees 3,000. Captain Prendergast in his report of the 27th January brings to notice that Estimates had been sanctioned to the extent of Rupees 3,188 from the head of Minor New Works, but the excess which he brought to notice was in appropriations on Estimate not in expenditure. The enclosed list will show the Estimates which were sanctioned and the expenditure on them to the date of my report, and a separate column is entered giving the outlay to the 31st March 1864 amounting to Rupees 1,034-2-11. As shown in the two Statements which accompanied my letter, as per margin, there will be no occasion to transfer further sums to this Budget head.

No. 2,276, dated 9th April 1864.

4. In the Statements of the Budget allotments now enclosed, I have added a column below the revised allotment which was made in consequence of the amount of Estimates sanctioned under each head exceeding the original Budget heads. This column shows, for the two Districts, the amounts taken away under each head from the Tanjore District, and the amounts added in the Trichinopoly District aggregating Rupees 25,000, under the sanction of Government granted in the Order at the head of this letter. It will be seen that though transfers have been made by me to meet the amounts of certain Estimates, and the Budget allotments have been revised, yet the aggregate total of the Budget allotments in the two Districts for "New Works" and "Repairs" has not been exceeded.
