Proceedings of the Madras Government, Public Works Department, 27th April 1864.

No. 645. Read the following letter from Captain F. T. HAIG, R. E., Superintending Engineer, Upper Godavery Circle, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, Fort Saint George, dated Camp Enchanpelly, 28th March 1864, No. 1,122 :—

SIR,

1. I have the honor to submit for the approval of the Madras Government a final Statement of Mr. Stanbrough's account for the Cotton conveyed by the Government Agency from Chandah to the coast in 1862. This account has been prepared in accordance with the principles laid down by the Advocate General, Madras, in his Opinion quoted in Order of Government of 14th July 1863, No. 1,880, excepting that no deduction has been made, as recommended in paragraph 13 of the Opinion, on account of the Cotton damaged through the negligence of Mr. Stanbrough's own agents. The quantity was small, and the Government may, I think, waive their claim in connection with it, which is disputed by Mr. Stanbrough.

2. The total quantity of damaged Cotton is stated by Mr. Stanbrough's agents to have been 5,425 lbs., which I have reason to believe is correct, though it is in excess of the rough estimate of the Survey Committee's.

The surveys were all made in September 1862.

The prices at which Cotton was procurable in the Chandah District (when Mr. Stanbrough's was purchased) in that month was Rupees 82-1-4 per bhoja of 262 lbs., *vide* letter No. 1,621 of Officiating Deputy Commissioner, Chanda, attached.

Mr. Stanbrough's loss is calculated on 5,425 lbs. at Rupees 83 per 262 lbs.

3. But there is a debit side to the account. Mr. Stanbrough has never yet paid the full freight for his Cotton. He disputed the rates. Reference was made to Government in my letter No. 431 of 26th February 1863, on the subject, and it was recommended that in consideration of the difficulties experienced in screwing the Cotton, Mr. Stanbrough should be charged at the rate of six bales (74 cubic feet) to the ton, instead of 50 cubic feet, which the Government might have legally insisted upon. I adhere to that recommendation, and in the accompanying *Dr.* and *Cr.* account the freight is calculated at that rate.

The result is a balance against Mr. Stanbrough of Rupees 816-1-0. This I have requested him to pay.

No. 646. ORDER THEREON, 27th April 1864, No. 1,210.

The Government approves of the mode in which it is proposed to adjust Mr. Stanbrough's account for Cotton conveyed by Government agency from Chandah to the coast in 1862. It is observed that a sum of Rupees 816-1-0 has to be recovered from that gentleman in order to the final settlement of the account, but as Captain Haig has requested Mr. Stanbrough to adjust this claim, no further notice on the part of Government seems called for.
