Proceedings of the Madras Government, Public Works Department, 7th May 1864.

No. 152. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Coonoor, 28th April 1864, No. 410 :—

SIR,

I take the earliest opportunity of referring to you the accompanying Estimate and requisition of the Collector of Coimbatore, for general instructions, as to the course to be pursued in such cases. That is, when the Budget allotment of the year (1864-65) is utterly inadequate to meet the demand (Markets Rupees 150), and it is impossible to say whether anything can be spared from other sub-divisional heads of Repair.

Repairing the Market house at Kotagherry, Rupees 318.

No. 153. ORDER THEREON, 7th May 1864, No. 1,320.

1. As the Government cannot appropriate any part of the Reserve to "Repairs," it will rest with the Superintending Engineer to make the best arrangements in his power for the provision of funds for works of that class from the allotments under the heads to which the works appertain, or to apply to Government for special permission for a transfer from other heads of Repair.

2. To enable the Superintending Engineer to carry out the work referred to in this letter, the Governor in Council grants authority for the transfer of the sum of Rupees 561 noted below, from the head "Metalled Roads" in the Madras District to the head "Markets" in the Coimbatore District :—
