*Proceedings of the Madras Government, Public Works Department,
9th May 1864.*

No. 183. Read the following letter from Major General S. O. E. LUDLOW, Consulting Engineer, Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated 25th April 1864, No. 189 :—

SIR,

1. I have the honor to forward for the sanction of Government a Plan and Estimate, received from the Agent and Chief Engineer, and amounting to 1,970 Rupees for an Office and Store at Valapanore, in the Bowanassy Division of the Canal.

2. This building is intended to be used at first as a work Office and Store, and eventually as a traffic Office, and is therefore said to have been planned of a permanent (though it would have been more properly defined as of a semi-permanent) character.

3. The arrangement for the drainage of the roof seems to me to be not the best possible. This will be pointed out to the Chief Engineer, but meanwhile I beg that the Estimate may be sanctioned as requested.

No. 184. ORDER THEREON, 9th May 1864, No. 1,335.

On the recommendation of the Consulting Engineer, the Governor in Council sanctions the Estimate, amounting to Rupees 1,970, for an Office and Store at Valapanore in the Bowanassy Division of the Irrigation Company's Canal.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Consulting Engineer, Irrigation and Canal Company, with Plan and Estimate.
