## *Proceedings of the Madras Government, Public Works Department, 17th May 1864.*

No. 374. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E, Secretary to Government, Public Works Department, dated Madras, 30th April 1864, No. 6,588 :—

SIR,

1. In their Proceedings of the 8th May 1863, No. 1,169, Government sanctioned an Estimate amounting to Rupees 11,070, for widening the General Hospital Bridge at the Presidency, which has been duly carried out to completion.

1 Estimate.
1 Comparative Statement.

2. On some of the items a saving amounting to Rupees 1,311-11-10 has been effected, whilst on others there has been an increase of Rupees 2,535-15-10, owing chiefly to the iron railing and repairs of the spandrils of the arches having cost more than was at first contemplated ; the sale of old materials also has not realized as much as was allowed for them, as a deduction in the estimate. It was expected, too, that some of the metalling of the existing road would have been available for use a second time, but this was not the case, and only a thin coat of laterite was laid on to the new embankment, which of course did not last long, and a thorough reforming was soon called for, and was carried out.
