Proceedings of the Madras Government, Public Works Department, 19th May 1864.

No. 432. Read the following Proceedings of the Madras Government in the Revenue Department:—

Approving of the Estimate of Rupees 1,040 for constructing walls and repairing roof of Salt Kotties at Mangalore, South Canara District. } (Here enter 12th May 1864, No. 822.)

No. 433. ORDER THEREON, 19th May 1864, No. 1,453.

1. Communicated to the Superintending Engineer, 7th Division, for information and guidance.

Re-construction of Salt Koty No. 1 at Mangalore, Rupees 720.

Repairing Salt Koty No. 1 at Mangalore, Rupees 320.

2. The amount of the Estimate marginally noted will be defrayed from the Reserve under "Civil Buildings."

3. To admit of the immediate execution of the other work sanctioned in the foregoing Proceedings, a sum of Rupees 320 will be placed at the disposal of the Superintending Engineer, 7th Division, from the allotment in Part II of the Budget under "Metalled Roads" for the road from Chingleput to Terookullicoondum in the Madras District. The amount provided for this work is Rupees 1,600, but the Estimate being only Rupees 800 the balance* was authorized to be credited to the Reserve. As however this arrangement is opposed to the Orders of the Government of India, communicated in Proceedings No. 1,340, dated 9th May 1864, the Governor in Council directs that the difference (Rupees 480) between the unallotted balance abovementioned in the Madras District and the amount now transferred to the head "Salt" in South Canara be continued to the credit of the road for which it was originally allotted, until otherwise disposed of.

* Rupees 800. See G. O. No. 574, dated 26th February 1864.

No. 143. Read the following letter from Lieutenant-Colonel G. W. WALKER, R. E., Superintending Engineer, 7th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Coonoor, 29th April 1864, No. 411:—

SIR,

1. The repairs provided for in the undermentioned Estimates, amounting (certainly in the case of the former, and to some extent of the latter also) to re-construction, and the Budget allotment of Rupees 2,500* for South Canara, being altogether inadequate to meet such heavy demands with due regard to the calls for ordinary annual repairs, I have the honor to submit the same for sanction of Government and provision of the necessary funds from the Reserve of 1864-65.

* Revenue Salt.

2. The Estimates originally prepared by the Revenue officials in charge have been revised from Rupees 872-6-0 to Rupees 1,040, and the work at first thought emergently required before the ensuing monsoon is reported by the Supervisor in charge of Mangalore Range as capable of being deferred till afterwards, on careful execution of the ordinary monsoon repairs. I see that Mr. Fernandez has forgotten to obtain the Collector's countersignature, but the original call for the lesser sum having been made to me direct by that gentleman it does not appear necessary to send the papers back.
