No. 476. ORDER THEREON, 20th May 1864, No. 1,475.

As the Statements called for in paragraph 109 of Proceedings No. 381, dated 6th February 1864, have not yet been received, the Government are not aware of the extent of the demands which are likely to be made upon the Reserve for the prosecution of the works expected to be, but not completed on the 30th April last, and they are therefore unwilling at present to sanction so large a grant as that applied for in this letter. The Superintending Engineer, 4th Division, will be requested to re-consider the subject, and to submit a revised application for funds for such works as are really urgent, and which do not admit of postponement.

Secretary to Government.
