Proceedings of the Madras Government, Public Works Department, 25th May 1864.

No. 564. Read the following letter from Lieutenant-Colonel C. V. WILKIESON, R. E., Controller and Auditor of Public Works Accounts, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 19th May 1864, No. 146:—

SIR,

1. With reference to paragraph 4 of G. O. No. 1,321, dated 7th May 1864, I have the honor to forward herewith a Statement received from the Superintending Engineer, 3rd Division, which shows the total outlay on repairs up to 30th April 1864, to have amounted to Rupees 1,17,282 or Rupees 6,948 less than the allotment, and Rupees 13,578 below the appropriations. The effect of this will be that the Progress Report for the month of April, which will exhibit the appropriations for each work of repair, will represent an excess of appropriations above the allotment, and that the excess of appropriations over the outlay will have to be re-appropriated or provided for, in the Return for May (current) month as unexpended balance of the appropriations of the past year.

Enclosure 1.

2. To avoid these discrepancies, Superintending Engineers should be careful to enter in their Appropriation Return, only such sums as are likely to be fully spent within the year.

No. 565. ORDER THEREON, 25th May 1864, No. 1,520.

The particular attention of the Superintending Engineers will be requested to paragraph 2 of the Controller's letter.
