## *Proceedings of the Madras Government, Public Works Department, 30th May* 1864.

No. 628. Read the following letter from Captain J. MULLINS, R. E., Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madras, 19th May 1864, No. 13 :—

SIR,

1. In their Order No. 3,463 of the 25th November 1863, the Government sanctioned an Estimate Rupees 2,000 for the construction of a Hospital at Somaishweram, and I have the honor now to forward a revised Plan and Estimate, amounting to Rupees 2,900.

2. The Chief Engineer's letter* No. 36 of the 7th instant, shows that the alteration of the Apothecary's quarters, at the request of the Civil Surgeon, has occasioned the revision. I enclose both the original and the revised Plans. The accommodation for the Apothecary in the former is certainly very limited, the width of the rooms being but 6' 6," and their height at the outer wall the same. It will be seen also, that in the revised Plan a Cook-room has been added to one of the latrines.

* With Agent's Endorsement No. 136 of the 17th instant, herewith forwarded.

3. I would beg, with reference to paragraph 3 of the Chief Engineer's letter, to remark that there is only one Draughtsman in my Office, and it would not be practicable for him to make copies of Plans for record in this Office, added to which it is necessary that the Consulting Engineer should possess copies bearing the signatures of the responsible Officers of the Company.

No. 629. ORDER THEREON, 30th May 1864, No. 1,552.

Under the explanation afforded the revised Estimate amounting to Rupees 2,900 is sanctioned.
