*Proceedings of the Madras Government, Public Works Department,
3rd June 1864.*

No. 65. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 26th May 1864, No. 458:—

SIR,

1. With reference to the Petition from Gopál Naik and others of the Paranjí village in the Wallajah Taluq, North Arcot District, which you forwarded to me for disposal on the 17th November 1863, I have the honor to submit for sanction an Estimate, Rupees 1,400, for excavating the channel therein solicited from Paravathoor Condam to the Paranjí tank.

2. The Range Officer reports that the work is much required, and the Collector in returning the Estimate with his approval, states that an increase of revenue of Rupees 1,900 over the present assessment Rupees 2,332 is expected to result from the excavation of the new channel, and that, moreover, the surplus water of the Paranjí tank could then be made available for the irrigation of several other tanks lying below it.

3. Under these circumstances I recommend that sanction be given for the execution of the Estimate Rupees 1,400 from the portion of the Reserve set apart for expenditure under the head of "Agriculture."

No. 66. ORDER THEREON, 3rd June 1864, No. 1,619.

As the proposed channel from the Paravathoor Condam to the Paranjí tank promises to be a remunerative work, the Estimate of Rupees 1,400 is sanctioned from the Reserve under the head "Agricultural."
