MADRAS RECORD OFFICE.

Government of Madras.

DEPARTMENT.

G.O. No. Press Mis.

Dated 18 .

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 4th June 1864.

No. 97. *Dated 4th June 1864, No. 1,635.*

1. It being observed that great delay frequently occurs in the relief of Táluq Overseers promoted to the rank of Supervisor 2nd Class, the Government desire to call the attention of the Superintending Engineers to the subject, and to inform them that, when such promotions are hereafter ordered, arrangements should at once be made to relieve the party concerned of the charge of his Táluq with a view to his joining the Range in the District to which he may be transferred.

2. It is evident that, if inconvenience be felt by the removal of an Overseer, whose duties are confined to a *Táluq*, much greater inconvenience will be entailed by the absence of a subordinate entrusted with the charge of a *Range;* and looking to the large number of Students in the Civil Engineering College who have recently passed the examination prescribed for Táluq Overseers, there can be no difficulty in filling up vacancies in that grade.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineers.

Exd. S. T. Augustin,

should at once be made
to relieve the party concerned

No 1635

Proceedings of the Madras Board

Under date the 4th June 64

Minute

being observed

It is ~~being observed~~

~~received~~ by Government

that great delay frequently

occurs in the relief of

Subordinates promoted

to the rank of Supervisor

2nd Class, the Govt desire

to call the attention of the

Superintendents to the

subject, and to inform

them that, when such

promotions are hereafter

ordered, arrangements

should at once be made

to relieve the Party concerned

Calling the attention of the Superintendents to the existing orders regarding

of the charge of his
Taluq with a view to his
joining the Range in
the District to which
he may be transferred.

2nd. It is evident
that the inconveniences
that will be felt by the removal
of an Overseer, whose duties
are confined to a Taluq,
much greater inconvenience
will follow by the absence
of the subordinates entrusted
with the charge of a Range;
and looking to the large
number of Students in

the Civil Engineering
College who have re-
cently passed the ex-
amination prescribed for
Taluq Overseers, there can
be no difficulty in filling
up vacancies in that
grade.

To
The Superintending
Engineer
Dept. P.W. Lines.
