*Proceedings of the Madras Government, Public Works Department,
4th June 1864.*

No. 108. Read the following letter from Lieutenant-Colonel C. V. WILKIESON, R. E.,
Controller and Auditor of Public Works Accounts, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Madras, 27th May 1864,
No. 210:—

Sir,

1. With reference to paragraph 3 of the Order of
1 List from the Superintending Engineer, Government No. 1,482, dated 21st May 1864, I beg to forward
5th Division. a Memorandum from the Superintending Engineer, 5th
Division, regarding the deduction of Rupees 5,318, from which it will be seen that the deduction
of appropriations made to certain Estimates was rendered necessary in order that the sums thus
made available may have been used for other works which were considered by the Superintend-
ing Engineer of pressing importance, and which are to be entered in other "Appropriation
Returns" therefore deductions are made in the abstract.

2. Deductions are made on the same principle on which modifications are authorized of
grants first given for certain new works, and subsequently cancelled for others; several cases
of which kind were sanctioned by Government in the past year.

3. As regards paragraph 6, I beg to state that there has been no misinterpretation of
Colonel Strachey's Circular. His instructions were not adhered to in only two instances, because
the Superintending Engineer omitted to fill in the distinct items in the column headed "Amount
of Estimate," and this Department overlooked that the Estimates were previously sanctioned and
therefore only entered the amount of appropriation as the estimated cost.

Controller and Aud. of M. Accounts.

To Colonel C. A. Orr R.E.
Secretary to Government P.W.D.

Sir
With reference to para 3 of the
Order of Government N^o 1482, dated 21st May 1864,
I beg to forward a Memo. from the Super-
intending Engineer 5th Division, regarding the
deduction of Rupees 5318 from which it will
be seen that the deduction of appropriation
made to certain estimates was rendered ne-
cessary in order that the sums thus made
available may have been used for other works
which were considered by the Superintending
Engineer of pressing importance and which
are to be entered in other "appropriation Re-
turns" therefore deductions are made in
the abstract.

2. Deductions are made on the
same principle on which modifications
are authorized of grants first given for cer-
tain new works, and subsequently can-
called for others; several cases of which
kind were sanctioned by Government in
