No. 142. ORDER THEREON, 6th June 1864, No. 1,655.

1. From the letters recorded above, the Government observe that, with the exception of a sum of Rupees 1,000 provided in the Estimate for the road from Chotapaukam to the Cheyaur Salt Pans in the Madras District, no provision has been made in any of the Estimates included in the current year's Budget on account of compensation for lands taken up for public purposes. The amount which it is estimated will be required for this purpose is Rupees 1,61,427* as follows :—

	Rs.
Godavery	1,20,000
Vizagapatam	25,427
Kistna	4,000
Cuddapah	1,000
Madras	5,000
North Arcot	3,000
Tinnevelly	3,000

2. The sum entered opposite to the Godavery District is taken from paragraph 8 of the letter from the Collector, dated 21st March last, No. 74, recorded in the Proceedings of the Board of Revenue, No. 1,981, dated 4th April following.

3. As it will be impracticable for this Government to allot so large a sum as Rupees 1,60,427† from the Reserve Fund, application will be made to the Government of India for a special grant to enable the local Officers to meet the claims which may be advanced during the year.

4. Ordered that the following letter be sent :—

From

Colonel C. A. ORR, R. E.,

To

The Secretary to the Government of India, Public Works Department.

Sir,

Proceedings of Government, dated 6th June 1864, No. 1,655.

1. I am directed by His Excellency the Governor in Council to forward, for the consideration of the Government of India, copy of the Proceedings marginally noted, from which it will be observed that Rupees 1,61,427 are likely to be required during the current year on account of compensation for lands taken up for public purposes, and that of this amount Rupees 1,000* only have been provided in the Budget.

Vizagapatam.
Godavery.
Kistna.
Cuddapah.
Madras.
North Arcot.
Tinnevelly.

2. In explanation of this large demand, I am to state that the lands in question, which are situated in the Districts marginally noted, were taken up, almost, entirely, during former years; but through a misunderstanding as to the Department which should remunerate the holders of those lands, no provision for compensation was made in the Estimates prepared by the Public Works Officers. In Financial Resolution No. 777, dated 9th February 1864, it is clearly laid down that "lands for purely Government purposes in every Department should be provided for in the Public Works Estimates;" but as, with the single exception noticed above, no provision under this head is made in the current Budget, and as it will be impossible for this Government to allot from the Reserve the large sum that is required, I am directed to request that an additional grant of Rupees 1,60,427 may be sanctioned by the Government of India to enable the local Officers to meet the claims which may be advanced during the year.

I have the honor to be,
Sir,
Your most obedient servant,

Sir,

With reference to the Proceedings of Government No 891 dated 31 March 1864, and your Memo of the 26 April 1864 No 169, I have the honor to inform you that the only allowance for compensation for lands entered in the Estimates included in the Budget for 1864/65 is the sum of Rupees 1000 in that sanctioned for the construction of a new road from Cholapaukum to Cheyur Salt Pans in the Madras District.

amount Rs 8800

As respects the amount Rupees 5,000 represented by the Collector of Madras to be required next year on account of compensation for lands to be taken up for public purposes, that Officer informs me that he has not yet received any application for any portion of that sum, but that he entered it in his Estimate in anticipation of any emergent application, the calculation being made on the average of the actual charges incurred for similar purposes during the last 3 years.

The Collector of North Arcot has not yet favored me with a reply to a requisition which I made to him for information on the subject.

Sir,

With reference to para 3 of my letter No. 6548 dated 12th May 1864, I have the honor to forward one from the Collector of North Arcot explaining that the sum Rupees 3000 entered by him in his Budget Estimate for 1864/65 on account of compensation to be paid in that year for land taken up for public purposes, was merely "a rough guess with reference to the results of previous years;" as it was impossible for him to state what would be the number and nature of cases which might arise during the year in question.—
