Proceedings of the Madras Government, Public Works Department, 8th June 1864.

No. 188. Read the following letter from Colonel R. STRACHEY, R. E., Secretary to the Government of India, Public Works Department, to the Secretary to the Government of Madras in the Public Works Department, dated Simla, 21st May 1864, No. 246, E/2,126 :—

SIR,

1. I am directed by the Governor General in Council to intimate that the services of an Engineer Officer are urgently required at Mysore, chiefly on political considerations, so that his services may be available as a Military Engineer in case of emergency, and to request that the Government of Madras will therefore take immediate steps to place one at the disposal of the Government of India.

2. If the Madras Government can spare a Royal Engineer Officer in the grade of First Class Assistant Engineer, it would be the most convenient arrangement, but if there is any difficulty in the way of giving an Assistant Engineer, a Madras Engineer Officer of the Executive grade may be sent for this duty, and if required one of the Mysore Executive Engineers can be transferred to Madras in exchange.

3. It is requested that the Government of Madras will be so good as to place itself in communication with the Commissioner of Mysore on the matter, and direct the Officer selected to proceed to join at once.

No. 189. ORDER THEREON, 8th June 1864, No. 1,679.

1. Resolved that application be made to his Excellency the Commander-in-Chief, through the Military Department, for the services of Lieutenant C. Bowen, R. E., being placed at the disposal of the Government of India for employment as Assistant Engineer, First Class, in Mysore.

2. Ordered that the following letter be sent.

(Here enter No. 1,680, dated 8th June 1864.)

(True Extract.)
