Proceedings of the Madras Government, Public Works Department, 9th June 1864.

No. 203. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 31st May 1864, No. 559:—

SIR,

1. I have the honor to submit, for the sanction of Government, the accompanying Estimates for repairs to irrigation works in the North Arcot District, the amount of which in each instance exceeds four years's revenue derived from the tanks, viz. :—

3 Estimates.

		Rs.
1.	Repairing the bund of the Pazhavary tank in the Vellore Táluq, and deepening the spring channel	580
2.	Do. the bund of the Kurumantangul tank in the Arcot Táluq ...	500
	Total ...	1,080

2. In the case of the first Estimate the Collector informs me, in recommending their early sanction, that if carried out there will be an increased supply of water for existing cultivation, and that probably about 100 Cawnies of Punjah land will be converted into Nunjah, and an increase of Rupees 430 realized in the revenue.

3. The execution of the second work is recommended for the safety of the tank bund, which is at present in a very dilapidated state. The Collector, moreover, anticipates an increase of Rupees 50 in the annual revenue.

4. Under these circumstances I recommend that sanction may be given for the execution of the Estimates in question from the sum Rupees 46,000 allowed in the current year's Budget for repairs to tanks.

5. The minor new works required for both tanks have been sanctioned out of the sum placed at my disposal for that class of works.

No. 204. ORDER THEREON, 9th ~~May~~ June 1864, No. 1,687.

Under the explanation submitted by the Superintending Engineer, 4th Division, the Governor in Council sanctions the Estimates submitted with this letter amounting to Rupees 1,080 for immediate execution from the source proposed in paragraph 4.
