Estimate of the probable expense for Constructing a Watering Trough to the Grass Cutters & Camp Followers Well in the Cantonment of Bellary

Ley ft 6037

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers :—

emorandum from the Quarter Master General, Fort Saint George, 28th May 1864, *No.* 5332 ;
to the Secretary to Government, Military Department.

Forwarded to Government, with the approval of His Excellency the Commander-in-Chief.

om the Superintending Engineer 3rd Division, Camp Guvalcherru, 23rd May 1864, *No.* 139 ;
o the Quarter Master General, Fort Saint George.

I have the honor herewith to forward for the approval of His Excellency the Commander-in-Chief, a Plan and an Estimate amounting to Rupees 1,000, for a watering Trough proposed to be constructed near the new Well at Bellary.

Enclosures 2.

This Well, sanctioned in Order of Government, Military Department, No. 3579, dated 1 November 1863, has proved so very successful that, in addition to supplying the wants of the ass-cutters and Camp Followers of the Artillery, there is enough water for the Artillery Horses, d the Well now used by them could, if the proposed Trough is built, be made available for the ropean Regiment at that Station.

ORDER, No. 1933, *7th June* 1864.

Approved.
