Proceedings of the Madras Government, Public Works Department, 13th June 1864.

No. 269. Read the following letter from Lieutenant-Colonel O. W. S. CHAMBERS, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E, Secretary to Government, Department Public Works, dated Waltair, 31st May 1864, No. 121 :—

SIR,

1. Since the Government sanctioned* the re-distribution of the Repair Funds of the Ganjam and the Godavery Districts, my appropriations up to 1st May 1864, under certain sub-divisional heads, have exceeded their allotments, while those under some other heads are considerably below.

* G. O. Nos. 981 and 1,035, of 7th and 12th April 1864.

2. Consequently in submitting the enclosed Statements showing the revised allotments required to cover the excess appropriations referred to, I do myself the honor of requesting the necessary sanction of Government to the same† to enable the Controller and Auditor of Public Works Accounts to see that the total appropriations made by me for repair works in the two specified Districts, during the year 1863-64, have not exceeded the sums available under the several Budget heads to which they should be referred.

No. 270.

ORDER THEREON, 13th June 1864, No. 1,720.

1. On the understanding that the sums entered in the Statements received with the foregoing letter were available on the 30th April 1864, from the repair allotments for the Ganjam and Godavery Districts, the Government sanction the re-distribution of funds proposed by the Superintending Engineer, 1st Division.

2. The attention of the Superintending Engineer will however be drawn to the following discrepancies.

3. The original allotment under the head "Land and Miscellaneous" in the Godavery is given at Rupees 744, and the revised allotment at Rupees 604. The difference between these two sums is Rupees 140, and not Rupees 129 as shown in the Statement.

The proposed allotment under the head "Police" in the Godavery District is Rupees 633, and under the head "Salt" in Ganjam Rupees 3,741. From the Progress Report for March 1864, it is observed that the expenditure up to the close of that month under each of those heads was Rupees 698 and Rupees 6,131 respectively.
