Proceedings of the Madras Government, Public Works Department, 16th June 1864.

No. 310. Read the following letter from Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Camp Royachoti, 3rd June 1864, No. 25 :—

SIR,

No. 218, 26th November 1863. 1. In my letter as per margin, I informed you that an Estimate for the road from Cuddapah to the Kurnool frontier had been sent to the late Central Office in October 1859, and that when found among the records received from Madras, it would be duly re-submitted for sanction.

2. I now have the honor to forward a revised Estimate amounting to Rupees 62,000 for this road, being only Rupees 2,000 in excess of the orginal Estimate which has been thoroughly revised.

3. Up to the end of the past official year, altogether Rupees 42,253 had been expended on this road, which was included in the list of incomplete new works forwarded to you on the 12th ultimo.

4. I beg earnestly to request that the unexpended balance of this Estimate and also of the Estimate for the portion from the Kurnool frontier to Nundial may be placed at my disposal at an early period, the work people having been kept on since the 1st May and paid out of the annual maintenance allowance, for had we dismissed them, they would have been snapped up by the Irrigation Company's Engineers, and we never again would have been able to induce them to return to our works except at enormously increased rates.

No. 311. ORDER THEREON, 16th June 1864, No. 1,741.

1. The Government sanction the Estimate of Rupees 62,000, submitted with the foregoing letter, for the construction of a road from Cuddapah to the Kurnool frontier towards Nundial and Kurnool. Funds to the utmost extent practicable will be provided for the work, and for the road from the Cuddapah boundary to Nundial, when the demands on account of incomplete works in the several Divisions come under the consideration of Government. Meanwhile the Superintending Engineer will continue operations on both roads.

2. It is observed that the expenditure up to the 30th April last on the road within the Cuddapah District is shown in the list referred to in paragraph 3 to have been Rupees 1,000 more than the sum now reported.
