Proceedings of the Madras Government, Public Works Department, 17th June 1864.

No. 336. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 2nd June 1864, No. 619 :—

SIR,

6 Estimates. 1. The following Estimates have been prepared for the repairs of the several tanks at the Presidency, viz. :—

		Rs.
1.	Repairing the Perumbur southern tank...	735
2.	Do. do. northern tank...	400
3.	Repairing the bund and sluices of the Mylapore tank ...	1,290
4.	Do. do. Noongumbakum tank	1,850
5.	Do. do. the Spur tank at Egmore...	810
6.	Repairing the bund of the Veysurapaudy tank	2,580

2. The execution of these works has been approved of by the Collector, who in returning the Estimates for the two first in the above list observes that "irrespective of the revenue "realized under them, the safety of a large population residing in the vicinity of these reservoirs "requires that the banks should be kept in proper order;" the same may be said of the other works, particularly the Veysurapaudy tank, the breaching of which would cause considerable damage to valuable property immediately adjoining it, as well as to the Railway embankments.

3. The early execution of the Estimates in question is therefore very desirable, and as the sum Rupees 710 allotted for repairs to irrigation works at the Presidency is insufficient for the purpose, I request permission to appropriate the remainder of the required amount from the sum Rupees 70,000 allowed for such works in the Madras District, the same to be hereafter returned from savings which may be effected on the allotments for repairs under other Budget heads at the Presidency.

	Rs.
Amount of Estimates	7,665
Allotment for tanks at the Presidency	710
Proposed to be taken from Budget allotment Rupees 70,000 for Madras	6,955
Total ..	7,665

No. 337. ORDER THEREON, 17th June 1864, No. 1,753.

The Governor in Council sanctions the six Estimates aggregating Rupees 7,665, submitted with the foregoing letter, and authorizes the transfer of funds proposed by the Superintending Engineer in the last paragraph to meet the charge.
