Proceedings of the Madras Government, Public Works Department,
28th September 1864.

No. 585. Read the following letter from Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Major J. H. M. SHAW STEWART, R. E., Deputy Secretary to Government, Public Works Department, dated Camp Oottamacherry, 15th September 1864, No. 1,398 :—

SIR,

1. I have had the honor to receive Government Order No. 2,496, dated 30th August 1864. On ascertaining what work has been done to the channels referred to in the report of the Collector of Trichinopoly, paragraph 7, No. 166, dated 3rd August 1864. I find that the heads of the Weyacondan and Ramavoitalay channels, said to be silted up, have been cleared out in 1863-64 at an expense of Rupees 1,100 and Rupees 630 respectively. A further estimate also for the former amounting to Rupees 2,500 has been sanctioned.

2. No application was made to me by the Revenue authorities on behalf of the Yelandavoitalay, the north and south Aiyen Voikals, and the Nuttal channel, but they shall be attended to after the approaching monsoon. The chief cause, however, of the silting up of these channels is the erection of temporary dams across them for the better supply of the branches, and the practice of thus raising the water level is sanctioned by the Conservancy Establishment entertained under the Collector's orders.

No. 586. ORDER THEREON, 28th September 1864, No. 2,806.

1. Communicated to the Board of Revenue with reference to paragraph 1 of their Proceedings No. 5,331, dated 19th August 1864.

2. Timely intimation should be given to the Officers of the Public Works Department, by the Revenue authorities, of any repairs that may be required to works of irrigation.
