Proceedings of the Madras Government, Public Works Department, 30th September 1864.

No. 646. Read the following letter from Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Madras, 21st September 1864, No. 2,984:—

SIR,

2 Abstract estimates.

1. I have the honor to submit, for the sanction of Government, estimates which have been prepared for improvements to the Putteri tank near Govindavaudy, in the Conjeveram Táluq, Madras District, viz.:—

	RS.
Strengthening bund...	1,170
Constructing three sluices to do.	305
Total ...	1,475

2. At present a large extent of the dependant cultivation is allowed to remain waste, in consequence of the condition of the bund rendering it impossible to reserve a sufficient supply of water for its irrigation. The sluices are required in substitution of the common 'pot' or earthen pipes now in use.

3. Both estimates have been approved of by the Collector, and I recommend that sanction be given for their execution this year from the sum, Rupees 26,210, allotted for works connected with the Palar project, of which the tank in question may be considered as an integral portion.

4. It is expected that the contemplated outlay will result in an increase of Rupees 400 in the revenue.

No. 647. ORDER THEREON, 30th September 1864, No. 2,836.

The estimates submitted with this letter are sanctioned from the funds proposed by the Superintending Engineer, 4th Division.

(True Extract.)

(Signed) J. H. M. SHAW STEWART, Major, R. E.,
Deputy Secretary to Government.

To the Superintending Engineer, 4th Division, with two estimates.
