# MADRAS RECORD OFFICE.

## Government of Madras.

Public Works DEPARTMENT.

G.O. No. 750 Press / Misc.

Dated 18 .

*Not to be folded or roughly handled*

## *Proceedings of the Madras Government, Public Works Department, 12th March 1864.*

No. 289. Read the following letter from Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 25th February 1864, No. 1,980 :—

SIR,

1 Abstract Estimate.

1. In November last, Lieutenant Mead, Assistant Engineer 3rd Range, Tanjore, submitted an Estimate amounting to Rupees 1,950 for making brick cubes and removing stone from the tails to the noses of the groynes at Tranquebar, prepared in accordance with Government Order No. 590, dated 11th March 1863.

2. It was then supposed that the brick masonry in the Tranquebar Fort would be available for the purpose of strengthening these groynes agreeably to Lieutenant Colonel Foord's suggestion,* which was referred by Government to the Public Department, but negatived in Order No. 1,169 of the 24th October, communicated in Order of this Department No. 3,197, of the 3rd November.

* Letter No. 864 of the 29th September 1863.
G. O. No. 3,001 of the 16th October 1863.

3. As the groynes will require repair before the next monsoon, and the preparation of brick cubes properly consolidated will take some months, I have revised the above Estimate and now beg to submit one amounting to Rupees 1,790, which I trust will be sanctioned from the Reserve. If funds are not available I beg that I may be allowed to expend a portion of the Estimate from such items of the General Repair Funds of the District as may be available.

---

No. 290. ORDER THEREON, 12th March 1864, No. 750.

1. The revised Estimate of Rupees 1,790 submitted with this letter is sanctioned, but as it provides for repairs a grant cannot be made from the Reserve.

2. Government will not object to the work being charged to the Repair Fund of the District, but the Superintending Engineer will report the sub-divisional head in Part II of the Budget from which he purposes to obtain the required amount.
