Proceedings of the Madras Government, Public Works Department, 15th March 1864.

No. 349. Read the following letter from Captain J. BEAN, R. E., Officiating Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 22nd February 1864, No. 1,934:—

SIR,

1. In Order as per margin Government approved of an outlay of Rupees 3,000 in part cost of a Dispensary at Negapatam to be carried out from the current year's Local Fund Budget, and called for information as to whether an Estimate for the building had been prepared and sanctioned. I replied to this Order in letter No. 1,529 of the 13th January last, enclosing the proposed Plans and Estimates,* to which I received no reply in the Public Works Department, but a requisition† from the Deputy Secretary to Government directing me to state what modifications I proposed to make to the subsidiary buildings which it is proposed to build in connection with the Dispensary.

No. 3,252, dated 9th November 1863, Paragraph 2.

* Rupees 13,680.

† Public Department letter, No. 44, dated 29th January 1864.

2. I have since learnt through the Collector, however, that Government in Order No. 1, dated 4th January 1864, Public Department, disapprove of the appropriation made by the Collector and Lieutenant-Colonel Foord, so that the above sum of Rupees 3,000 is available for expenditure in the Local Funds, the allotment for the Dispensary being met by a grant of Rupees 4,000 from the Treasury.

3. The Collector proposes that the following works should be undertaken from this sum of Rupees 3,000, and I request the sanction of Government for their substitution in the Local Fund Budget of this year in lieu of the Dispensary:—

	RS.
Repairing Negapatam town roads and removing prickly pear.	1,000
Constructing seven road tunnels in the town of Manargudi	436
Repairing the Sheppanaiken tank outside the small Fort of Tanjore. ...	600
Constructing a small branch road to the Railway station from the town of Tanjore.	964

4. The last work will probably cost a larger sum, but no Survey, Plan and Estimate have been prepared as yet, the amount entered being intended as an instalment towards the construction of the road.

No. 350. ORDER THEREON, 15th March 1864, No. 780.

Under the circumstances brought to notice in this letter, the Government sanctions the appropriation of the sum of Rupees 3,000 available from Local Funds to the works enumerated in paragraph 3.
