*Proceedings of the Madras Government, Public Works Department,
17th March 1864.*

No. 422. Read the following Memorandum from the Superintending Engineer, 4th Division, dated Madras, 12th March 1864, No. 5,642 :—

Read the following letter from Captain W. H. EDGCOMB, R. E., Principal Civil Engineering College, to Colonel A. J. M. BOILEAU, R. E., Superintending Engineer, 4th Division, dated Chepauk, 8th March 1864, No. 896.

SIR,

No. 253, 14th October 1863.
8th February 1864, No. 326.

1. Adverting to Order of Government in Public Works Department as per margin, I have the honor to inform you that I have not yet been able to make use of the Shawl Shop as quarters for my Serjeant Major, as I have heard that the site may be required for Public Works Stores.

2. If there be room for the requirements of both the Public Works and Educational Departments, in the open space between the Shawl Shop and Controller's Office, may I request the favor of your obtaining the sanction of Government for the Shawl Shop to be finally made over to me as quarters for my Serjeant Major, and for the new quarters (ordered in G. O. No. 253, quoted above,) to be erected immediately south of it, as no site could be more appropriate or convenient for the Serjeant Major's quarters than that immediately between the quarters occupied by the married and unmarried Military Students.

1 Letter from the Principal of the Civil Engineering College, No. 896, dated 8th March 1864.

1. Submitted to Government for orders with reference to their Proceedings of the 8th February 1864, No. 396, sanctioning, as a temporary arrangement, the transfer of the building in question to the Principal of the Civil Engineering College.

2. It is believed that the space between the Students' Barracks and the Controller Public Works Accounts Office, will afford ample room both for the requirements of the Store Department and also for the accommodation of the Serjeant Major and married Students.

3. As regards the proposed new quarters for the latter, the Director of Public Instruction has recently been addressed with a view to ensuring the work being carried out early next year from the Educational funds for building purposes.

(Signed) A. J. M. BOILEAU, Colonel, R. E.,
Superintending Engineer, 4th Division.

No. 423. ORDER THEREON, 17th March 1864, No. 818.

1. In Proceedings No. 396, dated 8th February 1864, the Government granted authority for the building at Chepauk adjoining the Barracks of the Military Students of the Civil Engineering College being occupied as a *temporary measure* by the Serjeant Major attached to the Institution, but it is unable to transfer the building *permanently* to the Educational Department.

2. With reference to paragraph 3 of his Memorandum, the attention of the Superintending Engineer, 4th Division, will be requested to G. O. No. 756, dated 12th March 1864.
