*Proceedings of the Madras Government, Public Works Department,
23rd March 1864.*

No. 514. Read the following letter from Lieutenant-Colonel C. V. WILKIESON, R. E.,
Controller and Auditor of Public Works Accounts, to Colonel C. A. ORR, R. E.,
Secretary to Government, Public Works Department, dated Madras, 14th March 1864,
No. 2,778:—

SIR,

1. I have the honor to submit five Bills of the Malabar District for the works noted in the margin together with a letter, dated 27th February 1864, No. 30, from the Superintending Engineer, 7th Division, and its enclosure, and to state that as he is not satisfied with the vouchers sent to him by the Range Officers in support of the Bill, it appears to me that under paragraph 13, Chapter IV of the New Code, the papers should be laid before Government for their orders.

ENCLOSURES.

- 5 Bills.
1 Letter from the Superintending Engineer, 7th Division.
1 Do. from Palghat Range Office.
1 Do. from Mr. Bailey.
1 List of 12 Bills.
1 Copy of letter from Mr. Bailey.
1 Letter to the Superintending Engineer, 7th Division, dated 13th February 1864, No. 2,510.

2. Colonel Walker submits also a list of 12 other Bills for which Bills have been received by him without vouchers to support

the Station Books, with observations on those and like irregularities relating to the accounts of the Malabar District, respecting the admission of which vouchers he desires to be furnished with the decision of Government.

No. 515. ORDER THEREON, 23rd March 1864, No. 862.

1. The Government has no alternative but to authorize the passing of the Bills referred to.
2. The absence of certain vouchers in support of the Bills under notice is accounted for by the fact that their submission was not usually insisted on by the late District Engineer, and that consequently no care was taken to preserve them. The Superintending Engineer will impress the Officers in charge of Ranges in his Division with the necessity of their complying strictly with the Rules of the Department, in the submission of all such documents as may be required to admit of an effective check being exercised by the Superintending Engineer over the accounts of works, and he will insist on the most strict attention being paid to those Rules in future, as the Government cannot consent to overlook any omission to support all accounts of expenditure by proper vouchers.
