*Proceedings of the Madras Government, Public Works Department,
1st April 1864.*

No. 9. Read the following letter from Major-General S. O. E. LUDLOW, Consulting Engineer for Irrigation and Canal Company, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Kurnool, 10th March 1864, No. 167 :—

SIR,

1. With reference to paragraph 3 of Sir C. Wood's Despatch No. 1, dated 16th January 1864, and paragraph 2 of the Government Order No. 626, dated 2nd March, thereon, I have the honor to point out a misconception which appears to exist regarding the Yeddaroor Tank. This tank had no existence before the construction of the Canal bank which dammed up the stream flowing down the valley and so formed the tank in question. Under this explanation the report called for from me in communication with the Superintending Engineer, 3rd Division, will not of course be required.

2. The instructions communicated in the concluding part of paragraph 2 of the Despatch will be complied with immediately.

No. 10. ORDER THEREON, 1st April 1864, No. 897.

Ordered to be recorded.

To Col. L. A. Orr R. E.
Secretary to Government

Sir,

I have the honor to acknowledge the receipt of your letter of the 2nd inst. in reference to the report of the 3rd Division of the 1st Corps of Engineers, dated 28th Jan^y 1864, and para 2 of the Government Order No 626 dated 2nd March, thereon. I have the honor to point out a misconception which appears to exist regarding the Yedderoo Land. This Land had no existence before the construction of the Canal Bank which dammed up the stream flowing down the valley & so formed the Land in question. Under this explanation the report called for from me in communication with the Superintendent Engineer 3rd Division will not of course be required.

2- The instructions communicated in the concluding part of para 2 of the Despatch will be complied with immediately.

I have the honor to be
