SIR,

1. With reference to the Proceedings of
Government dated 14th March 1864, No. 772,
I have the honor to remark that the excesses
over the Estimates for the two works margin-
ally noted are within 5 per cent., and do not
exceed the allotments sanctioned for expen-
diture during the current official year.

2. In their Proceedings dated 7th No-
vember 1863, No. 3,240, the Government sanc-
tioned the sum of Rupees 4,420, to meet the expenses of the temporary Establishment to con-
duct the survey and levelling operations in the Bellary District, I beg to state that this grant
has been classed under the head of "Establishment," under the provisions of the I, II, and
XVII Rules given in Circular No. 6, from the Government of India, dated 23rd January 1862,
and that the same has been included as such in all the accounts of this Department, and not
under the head of "Original works."

3. The sum of Rupees 235, mentioned in paragraph 6, was reported in my letter of the
14th August 1863, No. 1,272, as available, and has not since been appropriated to any work, it
is therefore available for work as per margin
and will be added to the Appropriation Report
of the current month. The letter from the
Enclosure of English Tombs in Masulipatam.

Superintending Engineer, dated 15th September 1863, recommending a similar sum should be
expended was not received in this Office.

ORDER THEREON, 2nd April 1864, No. 920.

No. 58.

I, II, XVII in Circular No. 6 of 1862, from Government of
India.

1. Of the three Rules quoted in para-
graph 2 of the foregoing letter in support of
the non-entry in the Progress Report for No-
vember 1863 of the sum of Rupees 4,420, allotted to the Bellary District in Proceedings
No. 3,240, dated 7th November last, the Government observes that the two former have no
reference to the question at issue. Rule XVII distinctly directs that each survey should be
"considered as a Minor work."

2. In regard to the sum of Rupees 235, ordered to be added to the Kistna allotment, the
Controller states that, as that amount has not yet been appropriated, it is available for enclosing
the English Tombs in Masulipatam. The Government observes from the Progress Report for
December, now before it, that a sum of Rupees 329-5-9, has actually been expended upon this
work during the current year. The Controller will report under what authority this outlay was
passed by his Office, when the allotment for the work up to 31st December 1863 was only
Rupees 91.
