*Proceedings of the Madras Government, Public Works Department,
4th April 1864.*

No. 63. Read the following letter from Captain F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Edashevel, 18th March 1864, No. 2,132 :—

SIR,

1. I have the honor to request that I may be informed whether I have the option of executing works sanctioned from Local Funds or must leave it to the Collector; in some cases the Revenue authorities can more conveniently execute works, as on the Salt Platforms, &c., but as they are extremely unpunctual in the submission of their accounts it is impossible for us to check them, and to inspect the outturn, a certificate of our having done which is required to accompany the Bill.

2. For example I may quote the gravelling some of the roads in Madura, which has been in progress under the town Sub-Magistrate for some months, no reports or accounts have been supplied, and as the gravel has been long since spread and the road is in constant use, it is of course impossible for us to do more than roughly see whether the execution is generally economical or not; the Andiputty Pass is another instance.

3. As a new year is near at hand, I shall be obliged by instructions on this point, which is still doubtful.

No. 84. ORDER THEREON, 4th April 1864, No. 933.

The attention of the Superintending Engineer, 8th Division, will be directed to the Rules for the administration of Local Funds, communicated in Proceedings No. 787, dated 15th March 1864.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 8th Division.
