the repair of the Calingulah, the same would be forwarded to Government.

2. Afterwards it appeared to me, on the Estimate being sent up from the Range, that the
damage done could well be made good from the ordinary repair allotment of the Godavery District:
the Estimate amounting to 610 Rupees, was accordingly included in the appropriation return
for December.

3. The Comptroller objects to this, and requests that

4. This I now do and request permission to divert funds from the allotment for repairs at
the Godavery, sub-head "Irrigation Canals," for the Covoor Calingulah.

No. 171. ORDER THEREON, 7th April 1864, No. 975.

As the work provided for in the Estimate submitted with this letter appears to be virtually
a repair, the Government sanctions the appropriation of funds proposed by the Superintending
Engineer, 1st Division.
