**Proceedings of the Madras Government, Public Works Department,
7th April 1864.**

No. 190. Read the following letter from Lieutenant-Colonel E. HEMERY, R. E., Superintending Engineer, 3rd Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Cuddapah, 31st March 1864, No. 310:—

SIR,

1. With reference to Order of Government No. 263, dated 23rd January 1864, I have the honor herewith to submit for the sanction of Government, three Statements showing the excesses over repair allotments for the current official year in the three Districts of this Division, and the sources from which these excesses can be met.

2. In the Cuddapah District, Estimates amounting in the aggregate to Rupees 42,654, have been sanctioned for the repair of works of Public Improvement "Agricultural," being Rupees 9,323 in excess of the Budget allotment, but this excess will be more than covered by savings on "Dykes," "Land and Miscellaneous," "Nurseries," &c., in addition, many of the sanctioned works will not be completed by the end of April.

3. The total expenditure on repairs in the Cuddapah District will be rather less than the sanctioned amount, but until the Progress Reports for April are received it is impossible for me to report the exact expenditure under each Budget head.

No. 191. ORDER THEREON, 7th April 1864, No. 984.

1. With the foregoing letter, the Superintending Engineer, 3rd Division, submits for sanction, three Statements showing, first, the expenditure incurred under certain heads of Repair in the Bellary, Cuddapah and Kurnool Districts in excess of the current year's allotments under those heads, and secondly, the source from which the excesses are to be met.

2. The Statement submitted for the Bellary District is approved. Further information is necessary in regard to the Statements for the Cuddapah and Kurnool Districts, on the receipt of which orders will be passed upon the Superintending Engineer's proposals.

5. In this District expenditure has been incurred under the two heads marginally noted, for which no allotments have been made. Colonel Hemery will be requested to issue positive orders to his Subordinate Officers to prevent similar outlay hereafter unless with the previous sanction of Government.

6. To provide for a portion of the excess of Rupees 802, under the head "Land and Miscellaneous," Rupees 220 are proposed to be diverted from the allotment under the head "Government Houses." On reference to the Progress Report for January 1864, now before Government, it is observed that of the allotment of Rupees 220 just mentioned, Rupees 43 have been already expended, leaving a balance of only Rupees 177.

7. Again, Rupees 35 are proposed to be diverted from the allotment for "Burial Grounds," while the sum available under that head, after deducting the expenditure* up to January 1864, is only Rupees 34.

8. Colonel Hemery is requested to afford explanation on the foregoing points at an early date.
