Public Works DEPARTMENT.

G.O. No. 1053	Press
327-328	Mis.
Dated 20-4-	1865.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
20th April 1865.*

No. 327. Read the following letter from Captain J. G. RYVES, R. E., Superintending Engineer, 1st Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Waltair, 1st April 1865, No. 1,416 :—

SIR,

1. I have the honor to solicit sanction for the transfers, shown in the accompanying Statement, of portions of the allotments for certain new works and classes of repairs, which would remain unspent on the 30th April next, to other works for which funds are required : and
• Also reported by Telegram of this day's date. to report that Rupees 3,704* of the funds allotted to this Division is available for transfer to any other Division.

2. It will be observed that, on the Darungabadi road only Rupees 9,000 out of 16,800 allotted for it will be spent, this is due to the sanction† of the Government of India being deferred till so late a period that it was worthless when it came : it is not easy, and takes time, to re-commence work in an out-of-the-way jungly tract when once workmen have been dismissed, and the local organization for superintendence of work broken up ; moreover, March and April are the most feverish months in the year.

3. On the Ganjam to Aska road, Captain Philipps will be able to do 21,000 Rupees worth of work, which is as much as could be expected, the grants for the work having come in dribblets, 10,000 Rupees on the 19th December 1864, 5,000 Rupees on the 14th March 1865, and 8,309 Rupees on the 29th March 1865.

4. As there will be no grant for the Akeed Canal next year, I have directed Lieutenant Smalley to stop short in the tidal lock for which materials were being collected, hence the deficient expenditure on that work.

5. The site originally fixed upon for the Post Office at Cocanada is a hole which has been filled in with the spoil dredged out of the back-water or river. It is now proposed to locate the Post Office and Telegraph Office in Mr. Foucheur's house (which will have to be purchased with a view to carrying out the Harbour and Port improvements sanctioned by Government (estimate Rupees 71,435) in Proceedings No. 2,285, dated 13th August 1863). The details of this proposal will be laid before Government without delay, and in the meantime I have directed the Executive Engineer not to proceed with the foundations of the Post Office, hence the expected deficient outlay on this work.

6. The principal items of excess expenditure above Budget allotments are on the Kassipoor road and the bridges being built between Chittivalsa and Soobaram, on which Captain Beatty wishes to be allowed to expend 6,000 Rupees and 1,500 Rupees respectively, more than the year's grant : and Rupees 1,715 on the Vizianagrum to Cheepurpillay road (of which, however, Rupees 1,210 is by recoveries of last year's expenditure) which, with previous and the current year's grants, makes up the total of the sanctioned estimate for that road.]

*Proceedings of the Madras Government, Public Works Department,
20th April 1865.*

7. The other items are sufficiently explained by the marginal remarks in the statement except the Rupees 9,718, deficient expenditure on Agricultural Repairs in the Godavery, which I cannot satisfactorily account for.

8. The net deficient expenditure on works entered in the Budget will be Rupees 21,204, of which I propose to give up Rupees 3,704* for transfer to any other Division, in which it may be required;

* Vide Telegram this day's date.

and to expend Rupees 17,500 on the works alluded to in paragraph 3 of G. O. No. 484, dated 18th February 1865, viz., the conversion of the Toomoolair aqueduct on the Ellore Canal into an intlet and escape-with-sand-sluiques, and the construction of similar works across the old beds of the two main branches of the Toomoolair; and on the construction of the five vent under-passage at Beemadole in lieu of the under-tunnel destroyed by last November's flood. These works are now being pushed on as rapidly as possible.

9. If the rules of the Financial Department prohibit this transfer to the above as new works, the conversion of the aqueduct and the re-construction of the under-passage may be classed as special repairs; without them, communication by the Ellore High Level Canal will certainly be interrupted next July or August, and again in October or November, with probably considerable additional damage to the canal necessitating additional expenditure of money.

No. 328.

ORDER THEREON, 20th April 1865, No. 1,053.

ACCOUNT, No. 49.

1. In the foregoing letter the Superintending Engineer, 1st Division, forwards a Statement showing the savings expected on the allotments for certain works in progress in the Ganjam, Vizagapatam, and Godavery Districts, and the grants required for others. After providing the additional funds applied for, there is a saving of Rupees 3,704,* which will be transferred to other Districts in separate Proceedings.

* Godavery, under "Repairs Agricultural."

2. The Government sanction the following transfers of funds.

	Total...	17,500		Total...	18,552

*Proceedings of the Madras Government, Public Works Department,
20th April 1865.*

5. The allotment for "improvements to the Akeed Canal," from which Rupees 3,000 are proposed to be given up, is entered at Rupees 14,824. Captain Ryves will observe from G. O. No. 555, dated 27th February 1865, that of the sum of Rupees 15,000 originally assigned to this work, Rupees 3,176 have been already diverted, leaving an available balance of Rupees 11,824 only.

Budget of 1864-65, No. 90.

6. The grant of Rupees 17,500, applied for on account of the re-construction of the under-tunnel at Beemadole and other works in the Ellore Canal, has been provided, but the Superintending Engineer will be requested to submit the estimate at an early date. The work must be classed under the head "Original."

Ordered that the following letter be sent.

of India being deferred till so late a period that it was worthless when it came: it is not easy and takes time to recommence work in an out of the way, Jungly tract when once workmen have been dismissed, & the local organization for superintendence of work broken up. moreover March & April are the most feverish months in the year.

3- On the Ganjam to Aska Road, Capt. Phillips will be able to do 21,000 Rupees worth of work: which is as much as could be expected. the grants for the work having come in disbts, 10,000 Rupees on the 19th Dec^r 1864, 5,000 Rupees on the 14th March 1865, 8,300 Rupees on the 29th March 1865.

4- As there will be no grant for the Aked Canal next year, I have directed Lieut. Smalley to stop short in the Lidul Lock for which materials were being collected. hence the deficient expenditure on that work.

5- The site originally fixed upon for the Post Office at Cocanada is a hole which has been filled in with the spoil dredged out of the backwater or River. It is now proposed to locate the Post office & Telegraph office in Mr. Touchard's house (which will have to be purchased with a view to

carrying out the harbour & Port improvements sanctioned by Government (Estimate No 711,35) in Proceedings No 2285 dated 13th August/65. The details of this proposal will be laid before Government without delay and in the meantime I have directed the Executive Engineer not to proceed with the foundations of the Port office, hence the expected deficient outlay on this work.

6- The principal items of excess expenditure above Budget allotments are on the Kassepoor Road & the bridges being built between Chittivalla & Lookarum on which Captain Beatty wishes to be allowed to expend 6,000 Rupees & 1,500 Rs. respectively, more than the year's grant: and Rs 1,715 on the Virianagram to Cheerpully Road (of which, however, Rs 1,210 is by recoveries of last year's expenditure) which, with previous & the current year's grants makes up the total of the sanctioned estimate for that Road.

7- The other items are sufficiently explained by the marginal remarks in the statement except the Rs 9,718, deficient expenditure on Agricultural Repairs in

in the Godavery which I cannot satisfactorily account for.

8- The nett deficient expenditure on works entered in the Budget will be Rupees 21,204 of which I propose to give up Rupees 3,704 for transfer to any other Division, in which it may be required; and to expend Rs 17,500 on the works alluded to in para 3 of G.O. No 484 dated 18th February, viz: the conversion of the Toomoolair Aqueduct on the Ellore Canal ~~into~~ into a Sulet and escape with sand-slices, & the construction of similar works across the old beds of the two main branches of the Toomoolair; and on the construction of the fine vent under passage, at Bee mandole in lieu of the under Tunnel, destroyed by last November's flood. These works are now being pushed on as rapidly as possible.

9- If the rules of the Financial Dept^t prohibit this transfer to the above, as new Works, the conversion of the Aqueduct and the reconstruction of the under passage may be classed as special repairs, without them, communication by the Ellore High level Canal will certainly be

G. A. A. A.

Account Public Works Department
 No. 1053 31
 Proceedings of the Madras Government
 Under date the 20th April 1865
 Read the following
 From the Superint^g Engrs
 1st Division H. C. T^g April 1865 No 1416.

In the foregoing
 letter the Superintending En-
 gineer 1st D. forwarded a
 Statement showing the savings
 expected on the allotments for
 certain works in progress in
 the Panjani Vizagapatnam
 and Godavery Districts
 and the grants required for
 others. After providing the
 additional funds applied
 for, there is a saving of
 Rs. 3704 which will be
 transferred to other Districts
 in separate Proceedings.

Godavery.
